1. Situation Summary

The County notice identifies two alleged conditions: living or sleeping in a recreational vehicle and outdoor storage of junk or inoperable vehicles. The notice offers compliance by documenting correction, obtaining permits or approvals, or appealing. It also states that a Voluntary Compliance Agreement may be requested when more time is needed to complete corrective actions.

Recommended immediate approach

- ☐ Contact the County immediately and confirm the current status of the case.
- ☐ Send the response and extension/VCA request in Section 2.
- ☐ Request the inspection photographs, notes, reports, and identification of the vehicles or conditions cited.
- ☐ Begin or continue visible cleanup and preserve dated photographs and receipts.
- ☐ Do not include factual claims about RV use or vehicle condition unless they are true and can be supported.

Accuracy safeguard

The drafts below avoid unnecessary admissions. Replace bracketed fields and remove any sentence that is not accurate. Do not alter, conceal, or destroy evidence.

2. Initial Response, Extension, and Records Request

Use this as the first email or printed letter. It requests the current case status, evidence, and additional time without making unsupported factual claims.
